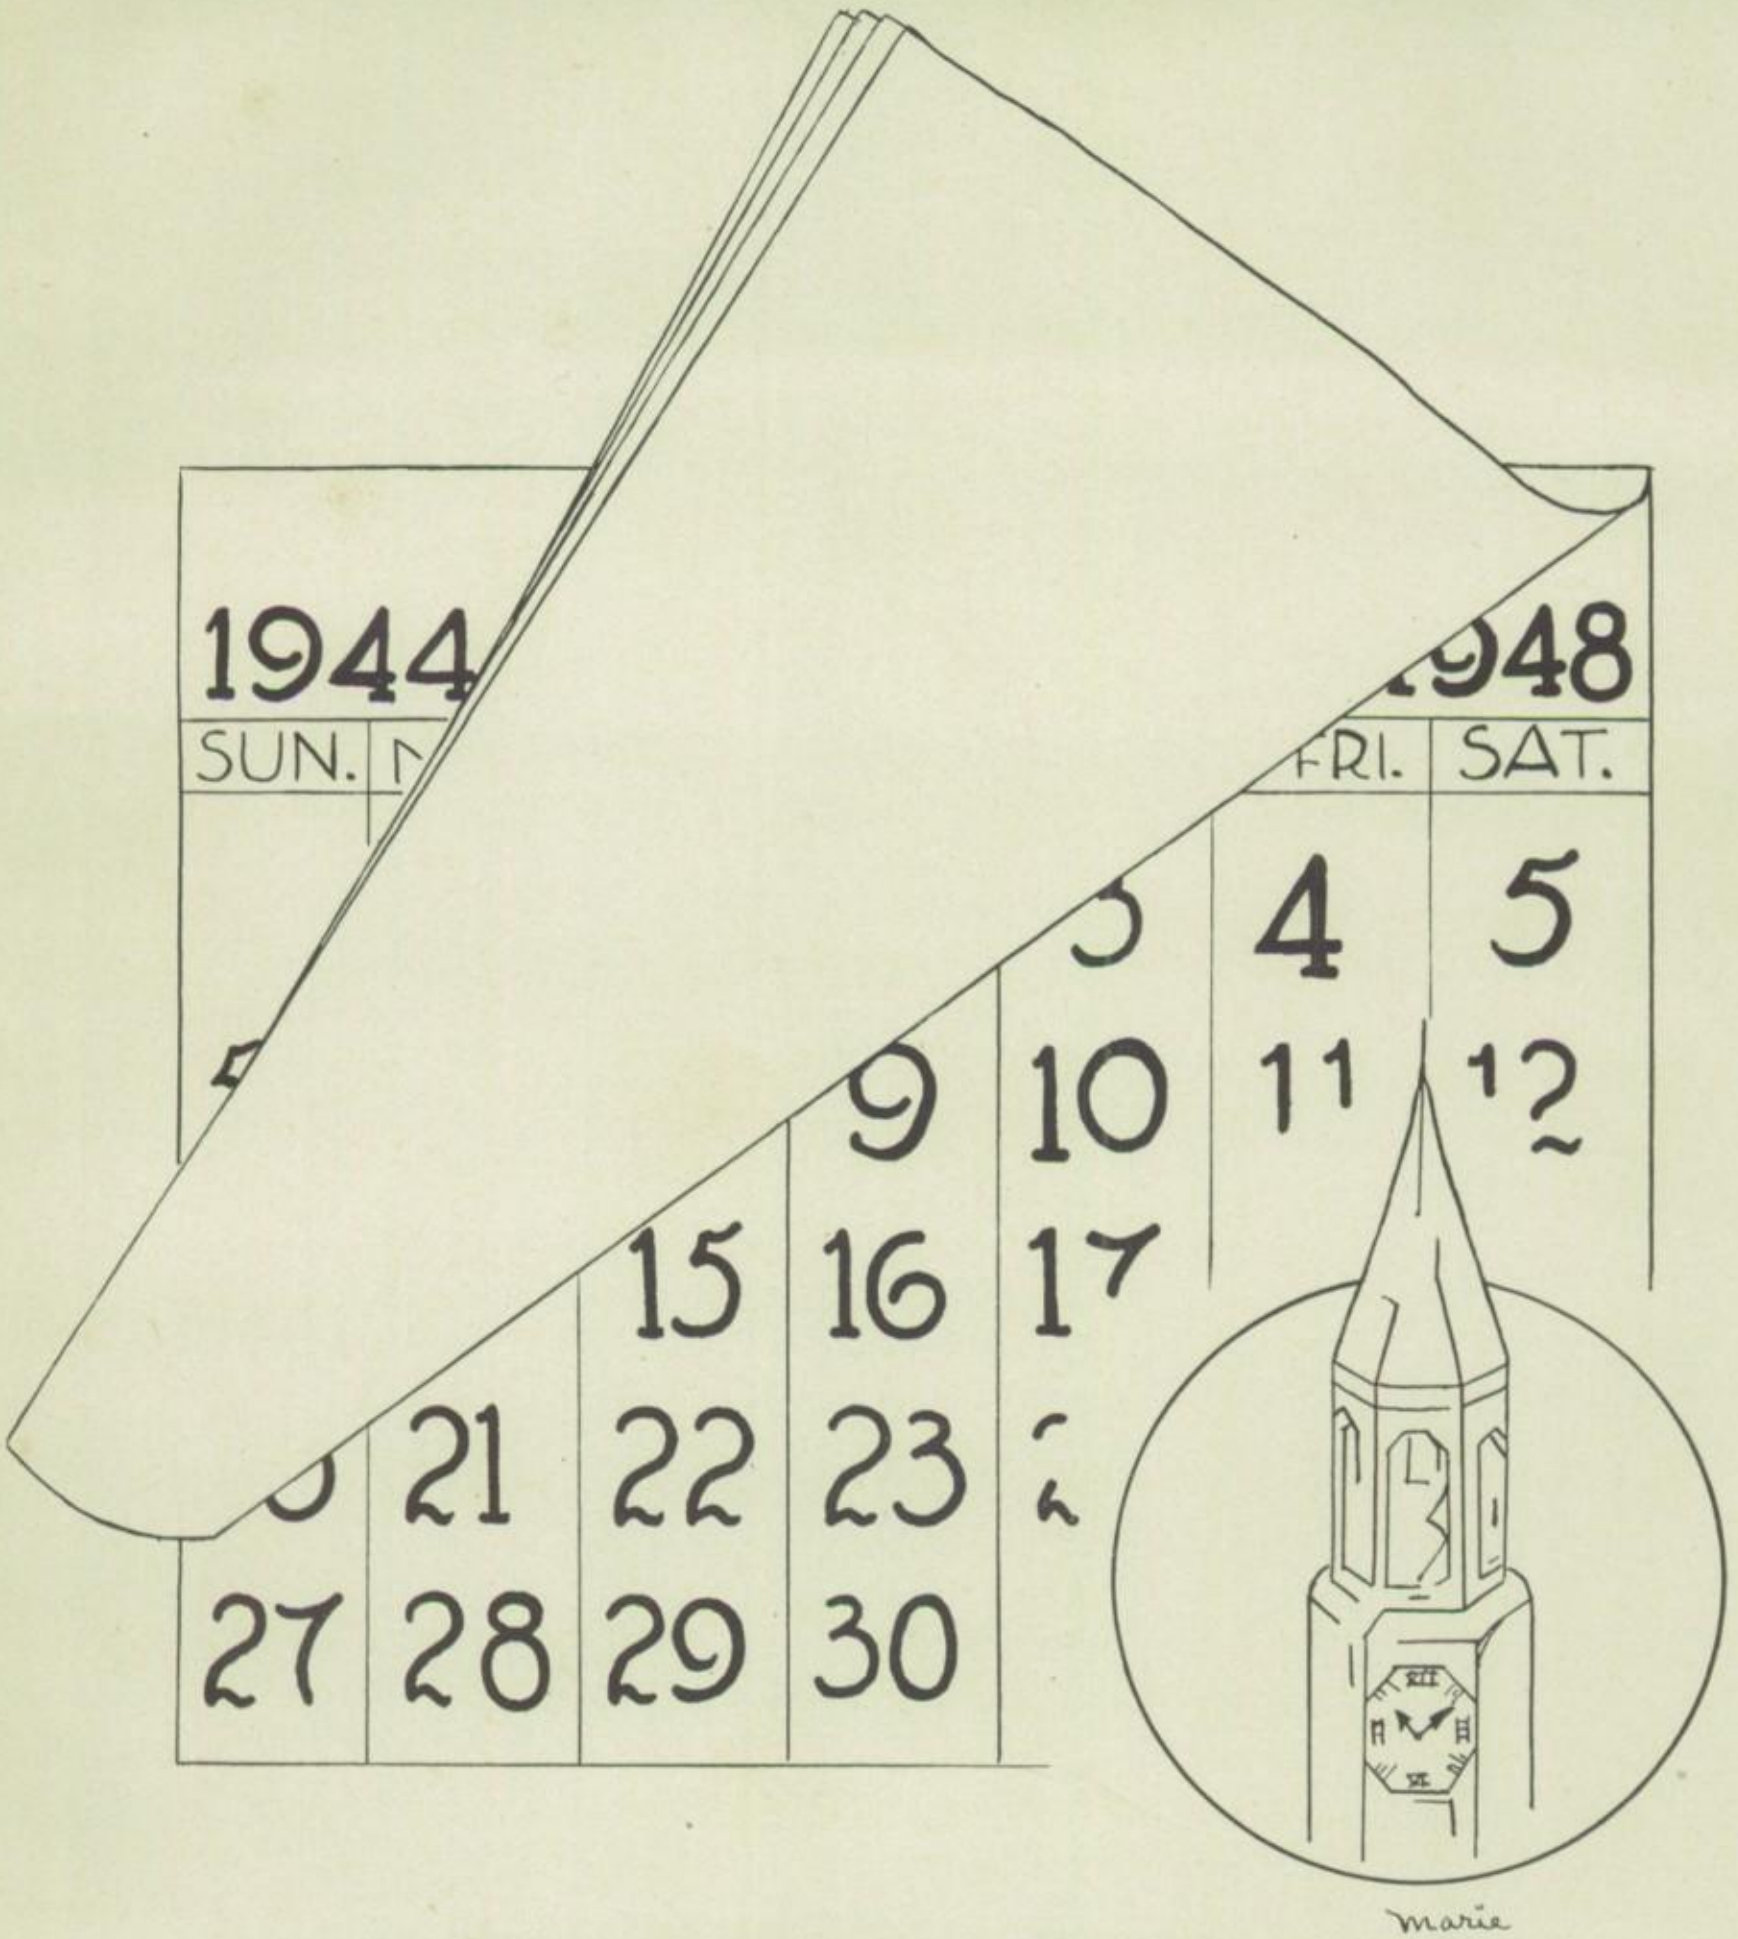
# YEARBOOK



# Time, You Old Gipsy Man

*TIME, you old gypsy man,*
*Will you not stay,*
*Put up your caravan*
*Just for one day?*

*All things I'll give you*
*Will you be my guest,*
*Bells for your jennet*
*Of silver the best,*
*Goldsmiths shall beat you*
*A great golden ring,*
*Peacocks shall bow to you,*
*Little boys sing,*
*Oh, and sweet girls will*
*Festoon you with may.*
*Time, you old gipsy,*
*Why hasten away?*

*Last week in Babylon,*
*Last night in Rome,*
*Morning, and in the crush*
*Under Paul's dome;*
*Under Paul's dial*
*You tighten your rein—*
*Only a moment,*
*And off once again;*
*Off to some city*
*Now blind in the womb,*
*Off to another*
*Ere that's in the tomb.*

*Time, you old gipsy man,*
*Will you not stay,*
*Put up your caravan*
*Just for one day?*

RALPH HODGSON

We wish to dedicate this Yearbook to the memory of Martin E. Hoffman, a teacher and friend to whom our welfare was a matter of deep concern. We realize that in doing so we cannot add to the stature of Mr. Hoffman for, because of his own personality and deeds, the memory he left is a glowing one, incapable of being altered or enhanced by mere words. We only hope we can secure that memory in the heart of everyone who looks upon this Yearbook as a small bit of Jamaica High School.

Martin Hoffman was a science teacher. He dealt with "cold" facts and methodical experimentation. His primary job was to provoke our minds to clear scientific thought. Yet few of us, sitting before him in his classes, could fail to perceive the warm-heartedness and friendly attitude that he made as much a part of his teaching as he did the laws of science. He was thoroughly understanding and human, and endowed, at the same time, with more patience than is usually found in the ordinary human being. He gained the respect of all, the friendship of many, just as he treated all with respect and graced many with his very real friendship.

Surely the humor, the friendly spirit, and the optimism of youth expressed within the covers of this Yearbook were inherent in the character and present in the every-day actions of Martin E. Hoffman.

MEMBERS OF THE CLASS OF JUNE, 1948

Dear Friends:

It won't be long now before you will be able, diploma in hand, to say, "Well, that's that!" Your four years of work—and fun too—are nearly over and you have probably long since planned the next big objective for your life. I want you to consider this letter my own warm personal congratulations to each of you. Let me also express the hope that your plans for your future are worthy of you and worthy of the faith in you which your State and City indicated by providing for your education up to this point.

An education is vastly more than the preparation for the making of money. Some of your work in high school will help you in earning your living and it is my hope that you may be successful in this very necessary pursuit. But beside acquiring some of the skills necessary for making that living I hope that, here in Jamaica High School, you have made many acquaintances. You have met many of the masterpieces of our literature, of our art, and of our music. It is my hope that acquaintances of this type may be frequently renewed and extended. You have met many of the great figures in our Country's history and have studied their achievements. It is your privilege to assume the responsibilities of your American heritage and become an active part of that glorious history. Here in school you have lived and worked together with friends of other nationalities, other races, and other faiths. Now it is your privilege to extend your friendships into broader spheres, for surely friendships and understanding are sorely needed in the world today.

To be graduated from a high school is a real honor but with that honor goes the responsibility to build upon the foundations provided in high school to the end that you may become a truly educated person, worthy of the confidence which your school indicates in you by granting you your diploma.

Cordially yours,

Maurice D. Hopkins

Principal

Dear Members of the Class of June, 1948.

The pleasures and satisfactions of the mind are the truly lasting ones. It is my hope that your four years in high school have awakened in you the desire to acquire knowledge rather than to possess things. Through continued study and activity in the years ahead may you develop your interests and talents as fully as possible and in so doing find genuine success and happiness. May your quest for insight and understanding be long and joyous.

Sincerely,
Ellen Slattery
Dean of Girls

The graduates of June, 1948, wish to take this opportunity to thank Mr. Fainsbert for serving as our grade advisor during our four years in Jamaica High School. We appreciate the generous efforts put forth by him in our behalf.

A graduate of Boston English High School, Mr. Fainsbert attended the Massachusetts Institute of Technology, where he was awarded a B. S. degree in Chemical Engineering. He is also a graduate of the Harvard University of Business Administration, from which he obtained a Master's degree in Business Administration. Despite the need for constant study, he was a star player on a Boston basketball team. His versatile career has included engineering and accounting, as well as his present profession. In addition to grade advising, he has sponsored the Radio and Accounting Clubs. Vitally interested in community welfare, he has been engaged in the activities of the Boy Scouts and of other youth movements. The father of two boys, the oldest of whom is captain of his cross-country team, Mr. Fainsbert is a leading citizen in the Jamaica community. He has played a major part in our school careers, for which we are indeed grateful to him.

To the Graduates of the Class of June, 1948:

To all of you my best wishes for your future success and happiness. To those of you who have assisted in the office of the Dean, and by this altruistic school service contributed, to a very great degree, in helping some of your fellow students, and also to those of you who have participated in our conferences, in which we sought to solve our problems cooperatively, the Dean of Boys wishes to express his special thanks and gratitude. It has been a deeply satisfying human experience to put the facilities of this office at the service of the students of the school. To all of you may I wish:

**Viel Gluck im Leben und Mehr Freude am Leben!**

Sincerely,

Alexander Caro

Dean of Boys

We "point with pride" to our Senior Advisor, Mr. Geller, without whose able assistance and guidance many of our Senior activities would not have been possible.

When his high school days ended at Boys' High in Brooklyn, Mr. Geller studied at C.C.N.Y. where he received his B. A. degree. Before he was appointed to Jamaica High School in 1927, Mr. Geller had a varied business experience in accounting and selling. This has proved to be valuable in managing the G.O. Store, in addition to the Hilltopper. He is the author of a text in business arithmetic and expects to have a work-book in the same subject published later this year.

Tennis seems to be a favorite sport with Mr. Geller. In former years, he coached the tennis team; he once competed in the National Indoor Singles. Mr. Geller is the proud father of two children, Dorothy, a freshman at Far Rockaway High School, and Arthur, eleven, both ardent stamp collectors.

Once again we wish to extend our sincerest thanks to you, Mr. Geller, for making all our activities both enjoyable and well worth remembering. We'll always treasure them.

Sincerely,
Leo J. Steinlein

# To Our Fellow Graduates

This Senior Yearbook is symbolic of the four years of earnest intellectual effort spent in Jamaica High School. We hope you will remember this class of '48, through this souvenir, as a group of friends who will assume the responsibilities of the future together. In the years to come this book will bring us many happy memories of our high school career.

This term the yearbook is dedicated to Mr. Hoffman, our dear friend and teacher who passed away in the prime of his life. Mr. Hoffman, through this tribute, will live in our hearts.

We would like to express our gratitude and appreciation to the staff for the great job they have done. We are especially indebted to Dr. Steinlein for his patient and kind assistance during the construction of this book, and to Mr. Geller for his guidance through our financial problems.

To you, our dear classmates, we wish many hours of pleasant reminiscing and every good fortune, in the difficult times we face.

Your Co-Editors,

Walter Friedman

Mona Rachles

Dear Classmates,

It is a great privilege to have this opportunity to congratulate every one of you upon your graduation from Jamaica High School. We have studied and worked hard these last four years and now we have attained our goal. The future is now before us. It holds many opportunities for us and we must be quick to grasp them. We must not fear the future; it can be full of happiness and prosperity, if we think and act wisely. We will all carry happy memories of dear J.H.S. and I am sure we all are more than a little sorry to leave it. Many long-standing friendships between students and faculty may have to be broken, but many new friends will be made in the world before us. I again express my congratulations, and it is my hope that you all attain the pinnacle of success in every endeavor.

Sincerely,
John Dacunto

Dear Classmates,

The years have passed quickly since our first entrance into Jamaica High and for many of us, too quickly.

As we will recall in time to come, it has been the happiest time of our lives with many wonderful thoughts remaining with us always. The books we had studied—the undying friendships of faculty and students—the enduring dignity of our building and campus—the teams we cheered—the exciting basketball games at the Garden—senior day—the prom—and our dreams becoming reality with graduation night—Remember? ?

Congratulations on the safe termination of your high school careers and, whether you intend going to a higher place of learning or into the business world, I wish that your futures will be filled with happiness and prosperity to the highest degree.

Sincerely,
"Jackie" Reiss

# "The Future is Yours...Plan for It"

How many boys and girls have suddenly found themselves perplexed and uncertain because some one has asked them, "What are you doing with your future?" It is alarming to discover the number of to-day's students who do not know in what direction their futures lie. Why, working and studying at random, without any plan for the future, can be as dangerous as trying to plot one's course safely through unexplored territory, with a blindfold over one's eyes. It is dangerous not only to the individual, but to the general welfare. We are the citizens of tomorrow. The destiny of a race will one day rest in our hands and we must be prepared to meet this responsibility.

The greatest essential to success is security: a security which we can obtain and maintain only if we are well schooled in the methods of economic, political and social development of a nation. We cannot be lax and let the pieces of the puzzle fall where they may. Planning, working and experimenting will show where our strengths and our weaknesses lie. When we know these, our job is to build surely and steadily upon our foundation. We must raise a well balanced, purposeful structure, one which is to be the house we live in all our lives. If this building is not thoroughly and carefully planned, it is inevitable that it will crumble around us, to remain evidence of a failure which could have been avoided. With a little concentration, a little thought, it is not difficult to find a path through the future. With determination and consistency, it is easy to find a path to a successful future.

As we approach the end of our high school careers, we should begin to formulate some general idea as to what we wish to turn to after graduation. Many of us will undoubtedly venture into the business world to seek positions for ourselves. The rest of us will take our places among the ranks of college and university students.

A person may think that a plan for a future in business is unnecessary. It is one of the most essential factors for a successful business. We must determine what element of business is to be ours, which wheel in this machine of industry we are to turn. Then, too, we must consider our personal progress. We must have the chance to become skillful and dependable workers. The right job can do a great deal of good for a person, the wrong job can injure ability and undermine progress. It is very important that we find the right place for ourselves in order to be prepared to meet the responsibility with equal understanding. Whether we intend to enter upon a business career or to continue our studies in higher education, it is evident that an outline or schedule is beneficial to each and every one of us.

If we plan to attend a college, we must first find one which is suitable as far as subjects and finances are concerned. Entering a well-known college which does not offer the courses a person needs, or may be interested in, is a pure waste of time. Generally speaking, most colleges present the same course of study for the first two years. This curriculum consists of various types of subjects which give us a chance to recognize our likes and dislikes, abilities. As time passes, we find our general ideas becoming stronger and more clearly defined. The road ahead of us begins to take a definite turn; we soon see the vision of our ultimate destination. As we strive toward the attainment of our goal, we also take our places as independent individuals in this world of vastly changing proportions.

Thus, with a background of vital education, we are prepared and ready to take onto our shoulders the burden of a wise and stable existence.

Louise Isaacson

This was the prize-winning essay in a contest in this school sponsored by the National Urban League.

I am standing on the top of a hill.
There are many directions
  in which I can look from my hill,
And each view is different.
If I turn and face the way along which
  I came to my hilltop,
I can look into past time. . . .
And I can see myself as I have been.
From the top of the hill,
The road looks smooth and short,
And lined with flowers and trees,
And overhung with clear blue sky.
But the figure on the road. . . .
The person that I was in past time. . . .
Does not seem to find it so short
  or so smooth.
He is climbing
Uncertainly,
For he knows not his path
Or his destination.
Perhaps the cloud of dust he kicks up
  as he climbs
Obscures his vision of the trees
  and the flowers.
But when he reaches the top of this hill,
He can see more clearly.
And he can pause a moment
  at the peak,
And look to either side.
On either side,
Stretching out into the distance,
Is present time. . . .
And it is a long range of hills
  like mine. . . .
And
  there are many people on the hills.
There are valleys, too. . . .
And many people are in the valleys.
But
  some of the people of the valleys
Are climbing up, slowly,
onto the peaks.
But everyone. . . .
On the hills and in the valleys. . . .
Everyone is pointing and gazing
In the direction in which
  I have not yet looked.
Yet, if I turn
And look in that direction,
I see but dimly,
For there is a fog
Shrouding the earth in mystery.
In that direction is future time. . . .
And I can see but little of the road
  I am to travel.
Off in the distance,
Above the fog,
There is a beautiful mountain,
With a road winding to its top.
But I cannot tell
Whether my road runs to that wide
And little traveled
Way.
I must hurry
To find out where I am going.
For, though the past is clear
  and almost beautiful,
And the present is open to my view,
  and has much beauty, too,
The dim mist that hides the path
  before me
Is more fascinating
And more compelling
Than either.
And I must leave my hilltop;
For I must go on my way
Into the mist.

Nancy Porter

# *As Time Goes By*

## FRESHMAN . . . "Long Ago and Far Away" . . .

on a bright, sunny September morn, the faculty of Jamaica High eagerly awaited the new arrivals. About 9:15 word was sent in that a bouncing class of 400 had arrived.

Throughout the year, Wally Jenkins and Pete Guilfoyle were seen running for the Q-36 that Joan Boehm was driving. In the confusion they caused, Arline Timmerman's lunch-bag broke and a bunch of carrots rolled out. That's not all—on the same bus the famous Boltson soliloquy was created. Howard explained that the age of chivalry was dead because he saw Richie Lang boxing for possession of a seat. What next!!?

Helen Saperstein and Rosemarie Horstman took their time walking to school every morning and as a result Dave Macklin and "Mush" Lipman were overheard arguing continually with Mr. Homberg about their, Dave's and Mush's, that is, late passes.

ASDF; LKJ—My, did that stump Marv Weinstock until Marilyn Murphy, better known as "Murph," informed him that they were the "keys" to success.

Slowly our freshman year was drawing to a happy end for everyone except Penny Missires, who was **still** collapsing at the front entrance of school—seems she never **did** get used to those 64 steps!!!

## SOPHOMORE . . . "Time Waits for No One" . . .

including those old Annexites who now could buy those super-duper club sandwiches in Jamaica High's streamlined lunchroom.

Audrey Pinney cried for days and days because poor Al Roeder was demoted from selling oxygen masks on the 5th floor of Annex 109 to selling milk in the basement of the "Main Building."

"Doodles" Pierce was forced to buy twelve new pairs of shoes and three boxes of corn plasters that year, because every time he spread his feet out in the aisle in Math class, Miss Graham would step on them.

And it was when we were Sophs that the flagpole was unanimously christened with a container of milk as the official meeting place after school. Rumors flew that George Johnston went around afterwards licking up the spilled milk.

Maybe we're wrong about this, but Dotty Dandridge suspected Irv Hitzler gave her "the" hot-foot that started her jumping, thus marking the beginning of her cheering career.

Zoom!—they're off!! Max Wenz and Don Horan were always busy burning up the roads trying to see whose car was faster. Don didn't play fair though, 'cause he used gasoline, and went so fast that he almost knocked Dotty Johnston down. Thinking quickly, Dotty turned and ran towards school, right into Girls Varsity.

As our second year of education came to a close, most of us came to the conclusion that school wasn't too bad after all.

P. S. "Doodles" gave up wearing shoes!!

## JUNIOR . . . "Time After Time" . . .

"I tell myself that I'm so lucky to be in a co-ed enrolling room," Frank McTague sighed, "what with red-head Gloria Sinava and brown-eyed Margie Koehl, I'll never be lonesome." Little did he know that "girls are on this side of the room, and boys on that side."

It was along about this time that the housing shortage developed so Ken Koopersmith and Ed Hurwitz decided to pitch camp in the Hilltopper office, little realizing that they were soon to become famous editors.

Hearing rumors about,—yes, that's right, swinging doors, Lynn Marcus and Claire Lane found out that the gossip they heard was true, when Joe Morehead came dashing through to the Math office to complete his experiment on the **nth** dimension, and knocked them clear up to the 3rd floor.

And many strange things happened this year, too—After Louise Seikel got into Girls Varsity, she personally hired Madamoiselle Marie Bergman to paint a big, red J on her clean, white sweater. Barry Lieberman couldn't let his artistic ability go to waste either. He's responsible for those pretty green walls. Ugh!

When news arrived that we would soon have enrolling rooms in the spacious auditorium,—no lockers and no lunch period,— Bob Guinessey and Harry Middleton decided not to flunk after all. What fun!

## SENIOR . . . "Five Minutes More" . . .

and we'll be through with this History Regents. Boy! What a year this has been!

At the beginning of the term, we saw Don Fern and Janice Graf busily scrubbing floors. They were trying desperately to earn enough money to pay off their senior dues before graduation. They dood it, too! And it was in this memorable year, also, that John Dacunto rushed out and bought himself ten senior pins. Everyone was so inspired by his spirit that they immediately elected him class President.

Nobody could understand why Jack Breslin went around all term wearing water wings, muttering, "What's Walter Winchell got that I haven't?" "Oh, that's easy," Nancy Porter replied. "Brother! He's got the Flash—but you're gonna get the splash! UNK!"

Mona Rachles and Walter Friedman, co-editors of the Yearbook, and Ruth Carlson and Bill Pilkington, girl and boy leaders of Arista, were busily engaged in a fierce game of—tug o'war one day. They were using Joe Mallison as a rope. Much to their surprise, he split in three, and was next seen pulling himself together in the G.O. store. No one stays there long without working; hence, consequently, therefore, and moreover, our hero was ordered to count pennies, thus qualifying him for the office of Treasurer of the Senior Class.

Then came plans for the Senior Prom at Garden City. Jackie Reiss and Ruth Respass, our Vice-President and Secretary, sat up nights dreaming about the big event. Eventually, their dreams turned to nightmares when they thought: "What if Fred Standt comes wearing his Senior hat?"

Well, in between the tests and in between the homework, we did find time for a little fun, such as Eco. assignments, book reports, and English themes. Hey? This test is affecting us! OOPS! There goes the bell! Time's up now, kids; we've come to the end of the rope, and now we'll just hang our CLOSE on this line—SO LONG AND GOOD LUCK!

VOLUME 3 QTS.—NO. ∞ JAMAICA, N. Y.

## REUNION OF CLASS OF JUNE '48

The first reunion of the class of '48 met in the "Grand Basement" of Dudlee Pierce's hotel. The affair was made gayer by champagne and was highlighted by noses. Everybody was anxious to see the members of the class after 15 years. Therefore, all but a few attended. Among those present was Ed Hurwitz, still managing editor of the Hilltopper, who decided to remain in Jamaica High and dedicate himself to good journalism. He was speaking to Professor Nancy Porter, who at this time is reviewing books for the N. Y. Times and N. Y. Herald Tribune. Nearby was Electrical Engineer and inventor of the famous perpetual motion machine, Joan Meyer. At this function were two famous duos: the first being those famous song writers, Ruth Jackson and Norma Y (I can't spell it!), who have combined their talents and written the top ten songs on the "Hit Parade," plus many concertos and symphonies on the side. The other duo was Myron Kaplan and Elliot Loebl of "Kaplan and Loebl" fame. These two, now starring in "Sitting Room Only," are reputed to be better than Olson and Johnson and among the best comedians in the country. There was a noticeable crowd around George Carter, the tennis player, who remarked to them that he hoped to be champ as soon as Alice Marble retires.

The reunion was disturbed considerably when Max Wenz crashed the party in his new Cadillac convertible for everyone to see. No one yet knows how he drove it through the hotel into the basement where the party was being held. Being narrowly missed by him were Bob Guinessey and Harry Middleton who owe it all, they said, to their trained reflexes acquired on the Jamaica High basketball team. Herbert Lefort, film magnate, upon witnessing this, remarked that he wished he could have taken this scene for his next epic. Speaking in 22 languages at Wenz for this entrance was Ann Anagnostou, now chief translator for the U. S. Government. Rumor says that she may soon patent a new world language whereby everybody will speak the same tongue.

Among those not present was Anthony Trygve Adolino, Secretary General of the U.N. He was in London at a conference at the time of the party. He sent his regrets though, and 343 passes to see the U.N. in action. Also not present was Herbert Leeds, Chemical Engineer and inventor of the "Leeds Hair Restorer." He was in the hospital after having tripped over his toupee. The very-much-anticipated Dolores Jenkinson couldn't come either as she had to go to see the preview of her new picture in Hollywood. She expressed her sorrowful regrets and as a condolence she sent 343 autographed pictures of herself. Professor Daniel Silbert couldn't come, as he was in South America gathering more evidence for his new thesis in Physics. David Laige, famous game hunter, also wasn't present since he was in Africa hunting rabbits.

The highlight of the evening was the toast given by Senator Pincus Lavitt of Missouri. The speech was one of the senator's short ones, lasting only about 1 hour and 42 minutes, which he claims is a record. He praised all the members of the class and proceeded to collect votes for his next election. There were no objections to his speech nor encores and the party went on for a splendid evening.

## INQUIRING PHOTOGRAPHER

What activity in High School helped you obtain your present position or occupation?

Where asked—On a sandbar in the middle of Goose Pond.

*Don Fern—Mailman*

My connections with the athletic teams and coaches are the answer. Because of my job and interests in sports, I can watch a *Mail Box*. Some people have square heads, but to my friends I'm known as a *Letterhead*. Maybe I should have *Stamped* that one out. My job has its advantages. I often play *Post Office*, though some of my girls belong in the *Dead Letter Office*.

*Joyce Grell—Locksmith*

My good marks in shop is the *Key* to the whole thing. What *Lock* I had getting this job. I *A Door* the work. It's a steady and *Safe* business. My brother and I work together. We make a wonderful *Combination*.

*Joe May—Forest Ranger*

I feel my success is due to my many hours spent in the Goose Pond where I developed my love for trees and plants. I hope I'm not *Barking Up the Wrong Tree* when I say this.

## SPOTLIGHT

We hear, via the grape-vine, that Bob Hope's show is really good, now that Eddie Baron is writing the script. Pepsodent ads also have greatly improved since Nan Goldstein is "Miriam" and Rita Guastella poses for the magazine ads.

Chris Pavelides and Lenny Pastolove, alias "Mutt and Jeff," are now robbing lollipops from babies. Pretty desperate, aren't they?

Margie Koehl, engaged to Big John Dacunto, Past President of the United States, in addition to being first lady of the land, was recently voted head of the Department of Sanitation.

Flash! It has just been announced that Mr. and Mrs. Dotty Graziano (he is the former George Padrone) are now the parents of their eleventh bouncing baby boy.

If any of you want to buy candy cheap (retail and wholesale), you may find a little man on the corner of Gothic Drive and 168th Street with his pushcart called the "Billy Beer." He is none other than our own Seymour Prager, and he sells five-cent candy for only five cents!!!

## POLITICS

The "In De Blues" party has finally achieved its goal—grandstands! For the past seventeen years they have won election after election on a platform which can be summarized in two words—"Football and Grandstands."

The student court is once more open for business after a twenty year absence from the campus. In it are tried cases pertaining to student offenses; the latest of which was the case of a freshman, accused of wearing a senior fedora and pin, versus the state of Insanity, the latest addition to the fifty states of the union. Naturally, he was found guilty and sentenced to eat for two terms in our luxurious lunchroom.

## LETTERS TO THE EDITOR

Dear Editor:

I am a baby sitter of high standards. I wash dishes, do light housework, and mind children well. I have been working at this profession ever since I graduated from J.H.S. I am highly recommended by Mr. Fuchs of the J.H.S. placement service. Is fifty cents an hour too much?

*Inquisitive Adrienne Doroff*

P.S. I was in Leaders.

Dear Editor:

You will be glad to know that I have switched from the "Hurwith" to your paper because I thought the "Hurwith" dominated by one person.

*Governor John Dacunto*

Dear Editor:

Lost: One large diamond ring, signed "Love Dave" on the inside. Return to L. Goell.

*Rugged Rock, N. Y.*

Dear Editor:

How old must one be to leave school? My fiancee, Herbert Dallis, and I would like to leave. He is anxious to start a vocation.

*"Worried" Carol Cunningham*

Dear Editor:

I am very annoyed with the "Boltson Bug Sprayer" and "Cattle Innoculator" your paper advertised. However, I have enjoyed Senator Pilkington's wife's column, "AS I SEE IT," very much.

Housewife *Margie Sprague*

Dear Editor:

I like Billy Beer's Billowing Bubble Bath because Billy Beer's Billowing Bubble Bath brings bigger, bouncier bubbles.

Zoo Keeper *Gerry Ettlinger*

Dear Editor:

My partner and I are currently appearing on stage in a talent contest in which we are to ride a bicycle for two. The apparatus in question needs repairs, but we find the H. Leeds & Co. inefficient and request the suggestion of a more reliable firm.

*Ruth Jackson*
*Karl Bring*

## WEATHER

Today will be cool, humid, hot, dry, and fair. This spring, because of heavy rainfall, the water-level rose in Goose Pond "Crick," in the pool, and in all second-story water fountains to the danger point. For the first time in history, there were signs of moisture in third-floor fountains.

The greatest snowstorm in a hundred years hit New York City this year, but our town hit it back.

A previous drought caused the failure of potato crops in the lunchroom and around home-plate in the baseball field.

Clouds of dust enveloped the school building when the students stampeded in their strike for a football team.

It has been predicted that there will be clear skies as far as politics and world peace are concerned.

## HIGHLIGHTS

Sidney Prager, four-time winner of the Academy Award, was sentenced to 60 days in Sing Sing yesterday for walking along Hollywood and Vine without his sunglasses. Mr. Prager, soon to be seen in the Metro-Goldwyn-Rachles production, "The Miracle of Gothic Drive," will be co-starred with vivacious Janet Shanley of Jamaica Avenue fame.

Nat Bright today broke the high scoring record in the B.A.A. playing for the "New York Knickerbockers." In his report, Mr. Bright claimed that his great success in the great American game is due to himself.

Daniel Rubin, who, for many years, graced Jamaica High School with his swimming ability, was spared a watery death as Mary Lia, disregarding all value of life, leaped bravely into the Goose Pond to save him.

Senator Harry Simon of South Carolina, after many years of band practice, has finally perfected the "Missouri Waltz." This makes the senator eligible to run in the coming presidential election.

Bob Weinstein put a new twist on an old story when he tried to barge into "Dorothy Lamour" Jenkinson's dressing room in the "Ben Tabakin" Ballroom. Ben Tabakin, himself, famous author and literary critic, has finished his new pocket edition of "How To Lose Friends and Discourage People."

The biggest social event on schedule is the impending marriage of prominent socialite, Helen Saperstein, to Edwin Bernstein, otherwise known as the "Little Petunia." The gala affair will be held at the White Tower on Fifth Avenue.

## FASHIONS

The talk of the fashion world today is the "new look" recently created by that fabulous designer, Monsieur Lenardo Pastolovich, who advocates raising women's skirts to five inches above the knees. We wonder if the conservative styles worn by the women of today will ever be replaced by this shocking new change. The old dresses with trailing skirts, long trains, and huge bustles carrying flower pots are worn by women today. M. Pastolovich said that women are being hidden beneath yards of material and it's time for a change. Motion picture actress "Susan Hahn" is a staunch admirer of this style and recently caused quite a stir in her latest picture. A typical "new look" outfit consists of padded shoulders and a frilly laced hem at least five inches above the knees. It is worn with white woolen stockings on which, at the knee, there is a colorful bouquet of embroidered flowers. Perhaps the most daring transition is the reinstatement of the color "red" which, as you know, was not worn during the Wallace administration when the law compelling us to wear it was passed in 1949. Joan McGrane, radio commentator, said, "This is sure to cause a world crisis! Women will be spending valuable time taking up the hems of their skirts." Max Wenz, voted one of the ten best-dressed men in the country, only said, "Wow!"

# Last Will & Testament

We, the Senior Class of June, 1948, having fully exploited the possibility of obtaining a minimum of education in Jamaica High School, and being fully conscious that our feet are about to tread the halls of J.H.S. for the last time, do hereby revoke all former codicils and declare this to be our official Last Will and Testament:

First, after our awful debts are paid: senior prom, caps and gowns, senior hats, senior pins, and senior dues, we bequeath the following:

To Mr. Rose—a soap-box and a new hat.
To Miss Graham—some noble characters.
To Arista—a male surplus.
To the lunchroom—air wick and paper doilies.
To Mrs. Blendermann—liberal minded students.
To Mr. Wolff—sheep's clothing.
To future seniors—automats in the hall and enrolling rooms with real lockers.
To Mr. Myers—a trip to his home state, Missouri.
To the boys—swimming suits.
To the visual instructions group—better shows in the auditorium.
To Dr. Schieswohl—some more "Velvet."
To Mr. Sweeney's students—some cotton for their ears.
To the hall patrol—bicycles to get nowhere faster.
To the freshman—a pick and a shovel and a bag of cement to begin construction on their grandstands.
To all cutters—a season pass to the Valencia.
To Mr. Van Tassel—a person who sees.

We hereby appoint the senior class of January, 1949 to be executors of this, our Last Will and Testament.

In witness whereof, we have subscribed our names and affixed our seal on the 30th of June in the year of our Lord nineteen hundred and forty-eight.

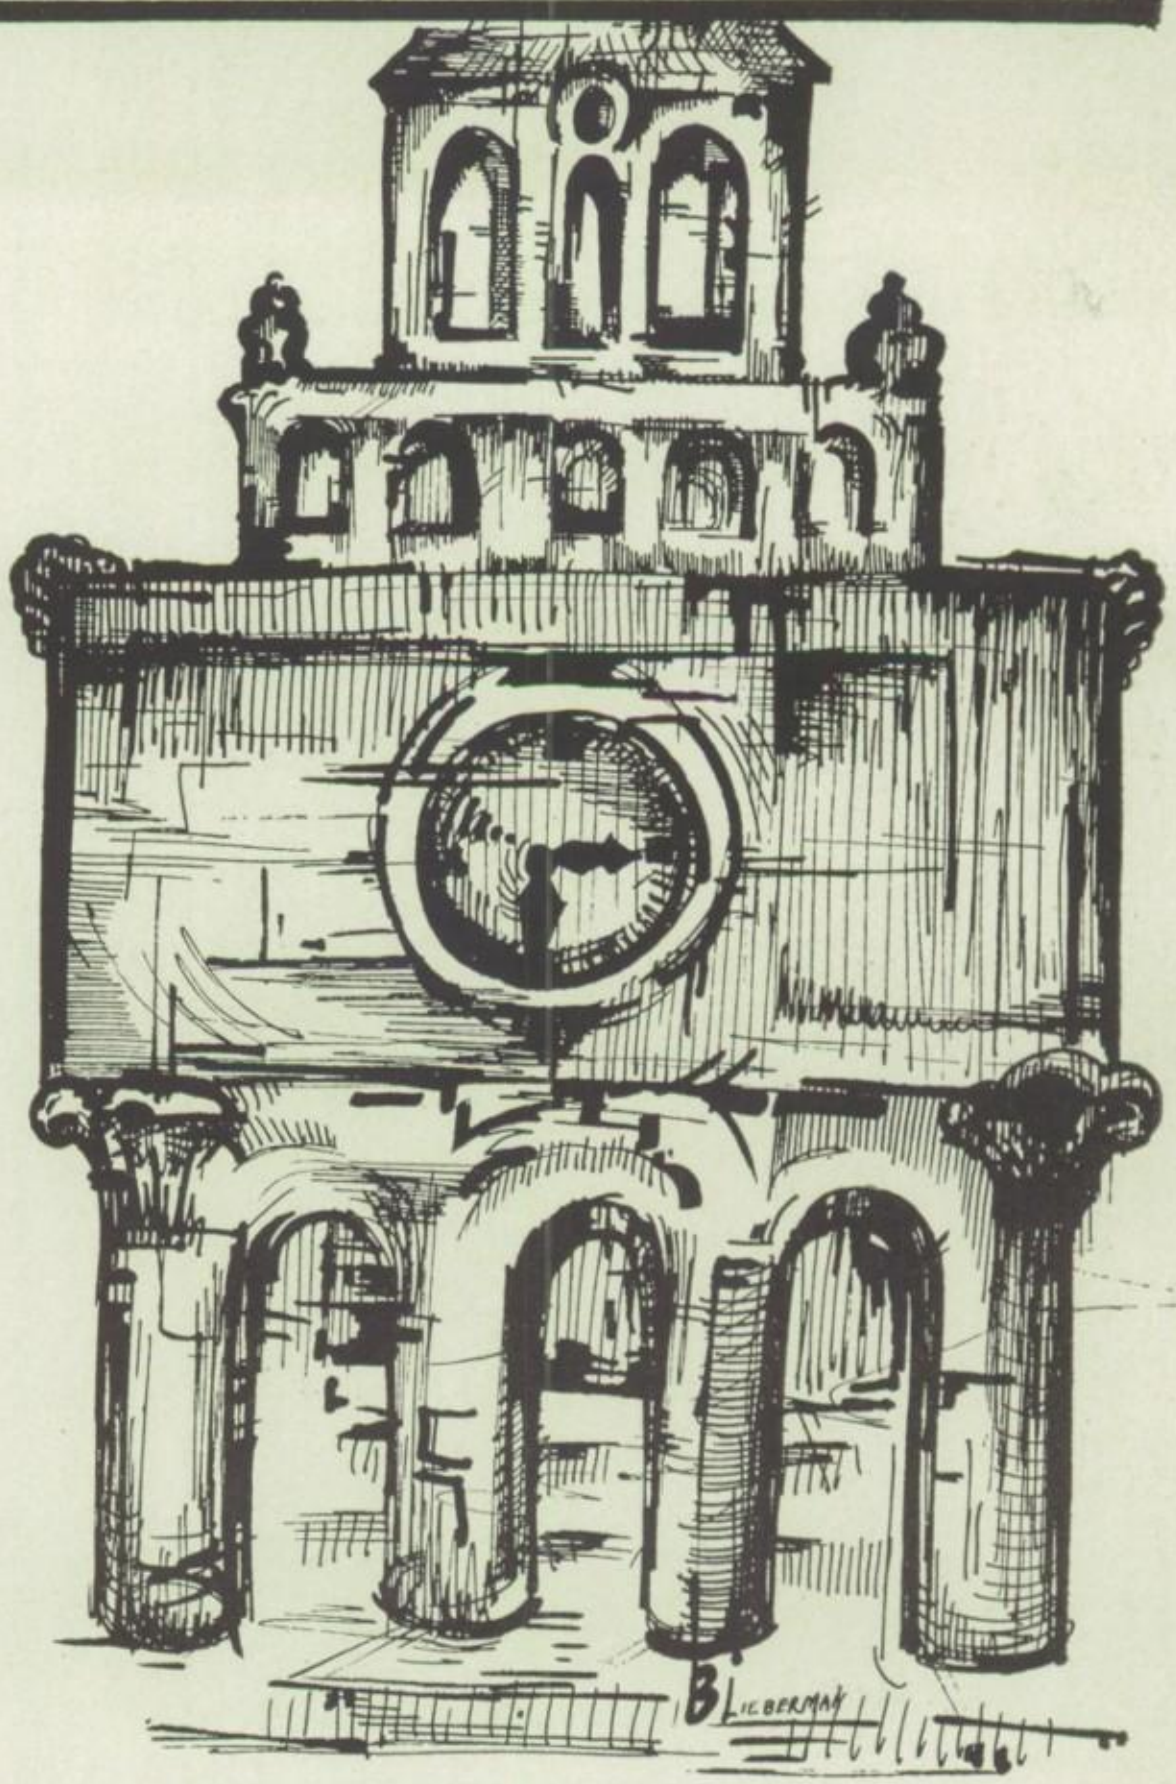
# CLUBS

# TEAMS



## TIRONIAN

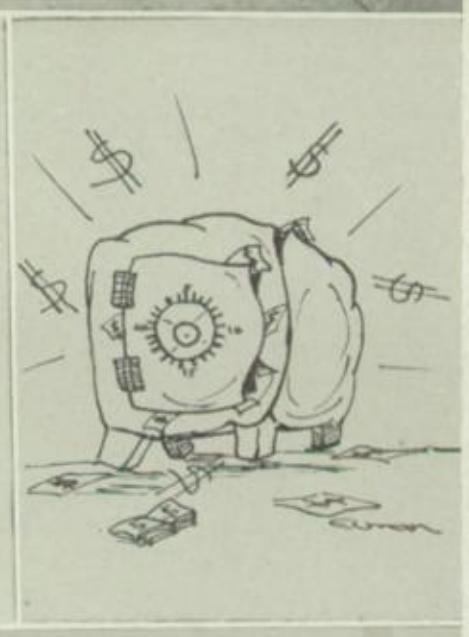
The Tironian club, the Arista of the Shorthand and Typewriting Department, consists of students who obtain 90% for two consecutive terms in shorthand and office practice. The club derives its name from Cicero's scribe, Tiro. Mrs. Chickering sponsors it.

## CHEERLEADERS

The cheering squad, led by Captain Audra Vencius, cheers us on at all games and meets. The first squad was organized by Mr. George Copeland in 1919 in the old Jamaica High School building. It was formed to spur the teams on to victory, which the girls have done very successfully.

## GIRLS BASKETBALL CLUB

Every Monday morning at 8:00 o'clock the Basketball Club can be seen practicing skills under the supervision of Girls Varsity. These girls are successfully learning to become proficient players.

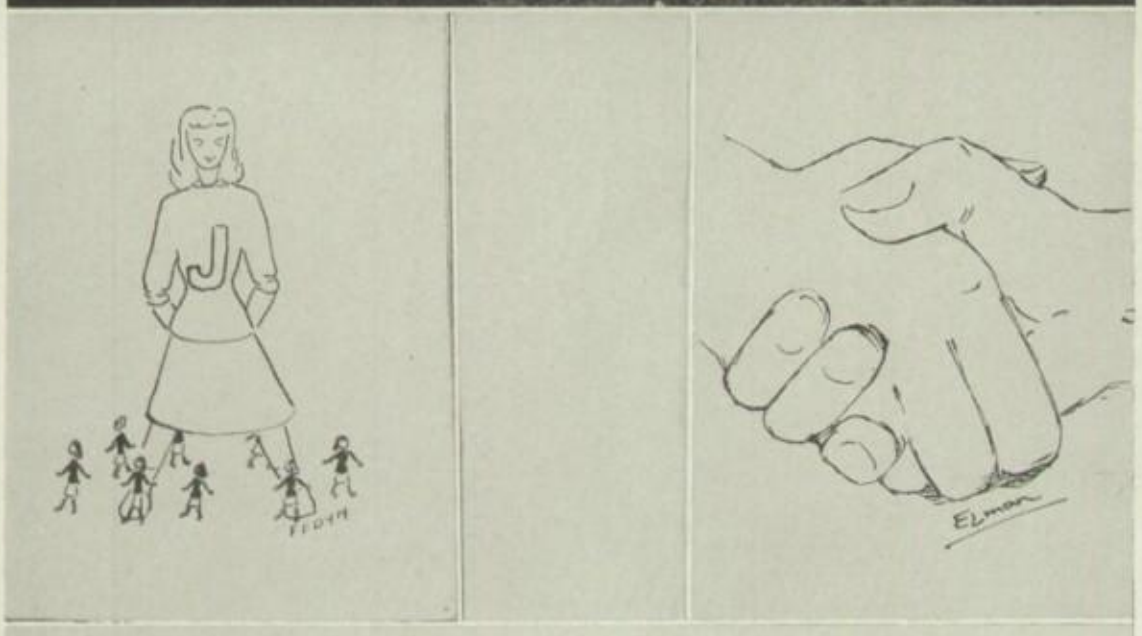


## G.O. STORE

The PX of Jamaica High School, under the supervision of Mr. Ferdinand Geller, supplies the students with the necessary school equipment. Most of the girls who work behind the counter are members of one of our school's most outstanding organizations, Girls League.

## GIRLS VARSITY

Girls Varsity, under the supervision of Mrs. C. Leahy, is an organization of girls who possess outstanding ability in athletic activities and leadership. All athletic clubs are sponsored by Girls Varsity members. It is the highest achievement a girl can attain in athletics and leadership.

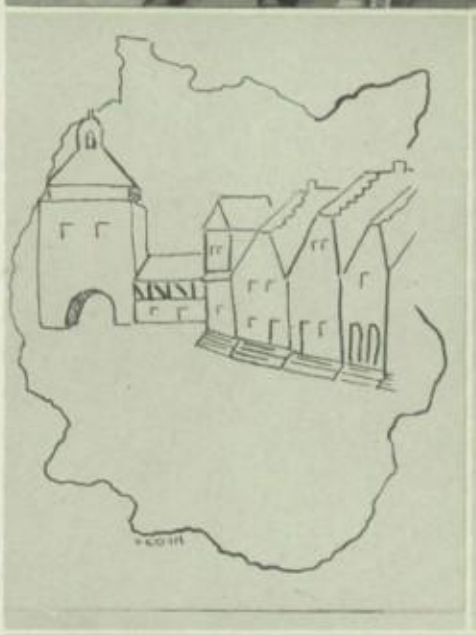


## INTERCULTURAL CLUB

The members of the Intercultural Club are all interested in wiping out the racial discrimination problems. Under the competent guidance of Mrs. Stein, the club urges all people who are interested in these problems to come to the meetings.

## GERMAN CLUB

Under the competent guidance of Mr. Bose, the members of the German club have enjoyed a wonderful year. The main highlights of the club were the various parties and programs planned by the Program Committee, in addition to a visit to a German movie.

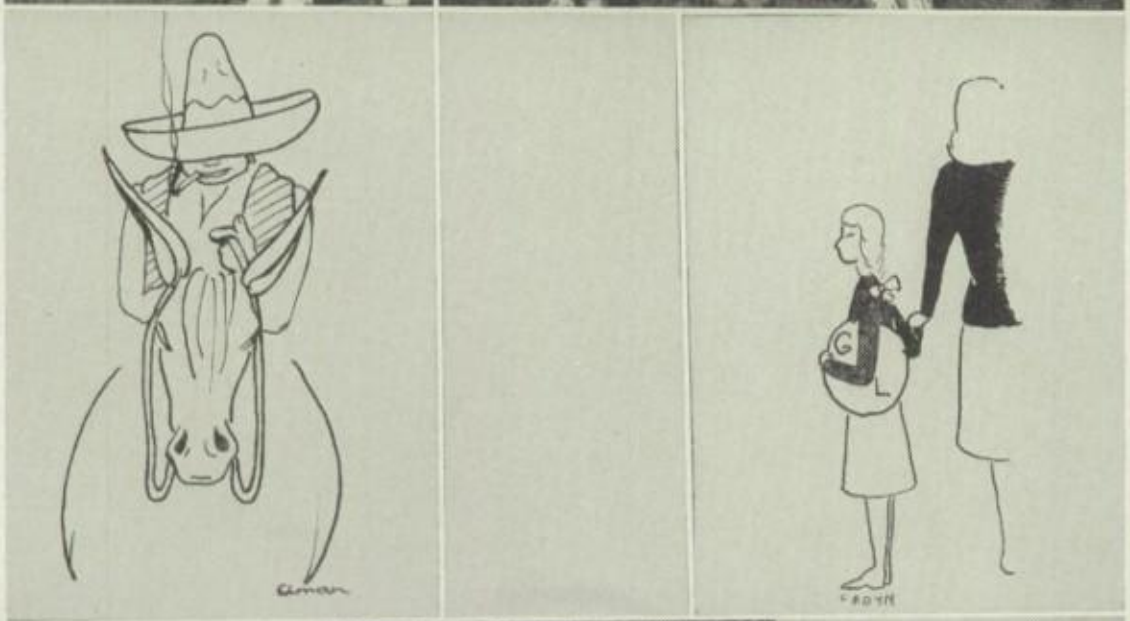


## BROADCASTING CLUB

The Broadcasting Club, which is under the sponsorship of Mr. Laherty, interests students who wish to learn the techniques of broadcasting, script writing, sound effects, and other factors necessary for the successful presentation of a broadcast.

## SPANISH CLUB

With the help of Mrs. Lundari, the Spanish club did many wonderful things this past term. Among these were the playing of bingo in Spanish, hearing Spanish records, and visiting a Spanish movie and restaurant. At the last meeting of the term, an enjoyable party was the main feature.

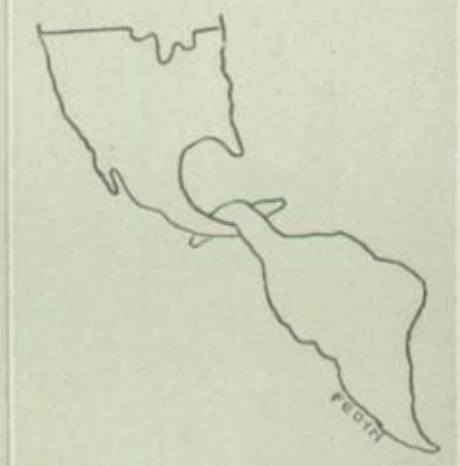


## GIRLS LEAGUE TRAINEES

Girls League Trainees have been under the guidance of Sylvia Kearsely, Recording Secretary of Girls League. The members of the group are trained to act as capable assistants for their future Girls League assignments.

## ASSISTANT SWIMMING

Under the supervision of Miss Raynor, the mermaids of Jamaica High School are perfecting their diving ability. Every Tuesday and Thursday mornings these girls can be seen splashing in the pool. They are the Esther Williams of tomorrow!



## PAN AMERICAN CLUB

Every Friday afternoon the members of the Pan American Club meet under the guidance of Mrs. Lundari. Many of the members hold active correspondence with students from Mexico and South America. The highlight of the term was a gala Christmas party, Spanish style, which was enjoyed by all.

## HEBREW CLUB

The Hebrew Club, one of the more recent clubs in Jamaica High, bears the reputation of being one of the most active organizations. Mr. Rose is their capable sponsor. It was under his supervision that Hebrew songs and dances were learned, Palestinian poetry was studied, in addition to Jewish history and Palestinian current events.

## ARISTA

Arista was first formed in Jamaica High School in 1911, and has been functioning since that time. The purpose of Arista is to serve the school by tutoring deficient pupils and assisting teachers. Mrs. Chickering assumes the position of sponsor.

## DRAMATIC CLUB

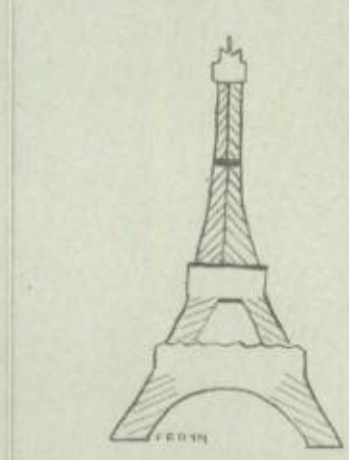
The Dramatic Club exists to provide opportunity for students to practice acting and production techniques. Activities include lectures, pantomime, and play acting.

## LEADERS IN TRAINING

Each term the Governing Board of Leaders runs the Leaders in Training club for the girls who are seeking admission into Leaders. They meet every Friday morning and learn various sports. The leader in charge is Louise Lehman, with the advice of Mrs. Seigal.

## VISUAL AIDS CLUB

The Visual Aids Club, sponsored by Mr. E. Horst, shows motion pictures to the students to aid them in visually absorbing important aspects of their courses, thus relieving the monotony of constant book work. This is a step toward a more progressive education and the club should be praised for its excellent contribution to JHS.

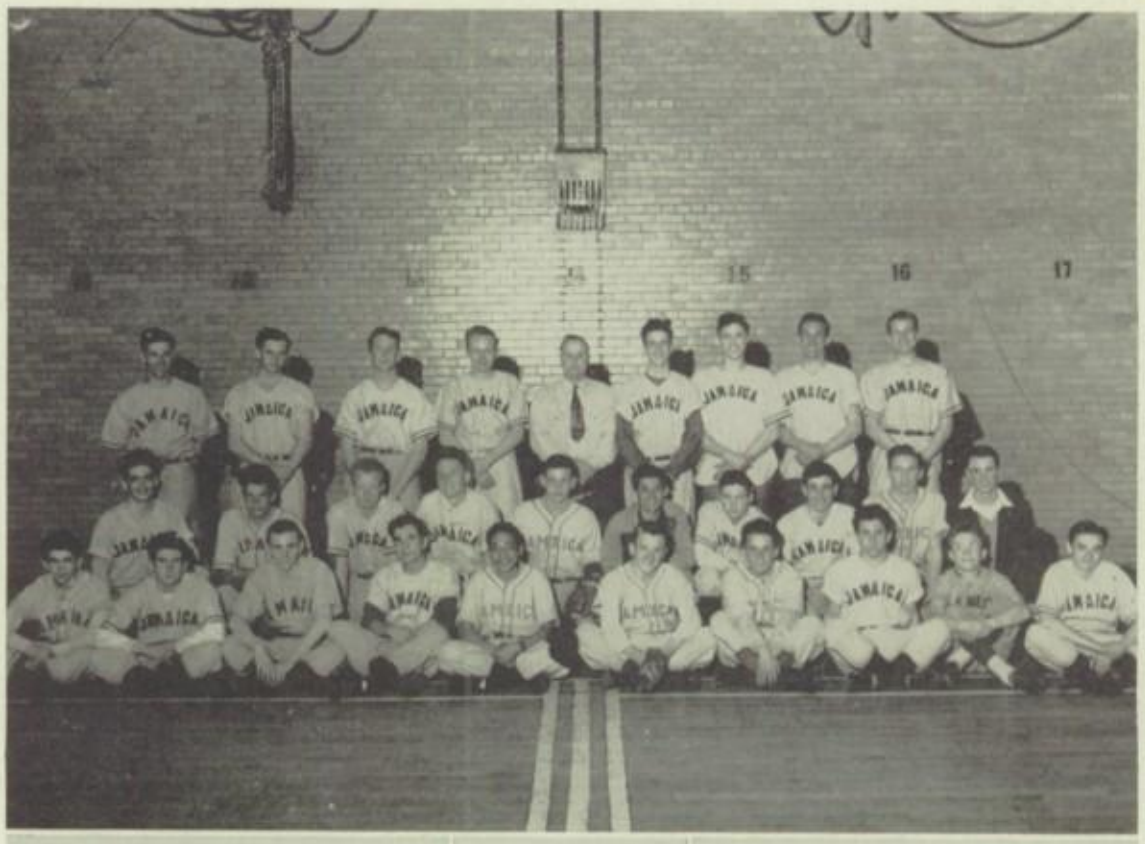


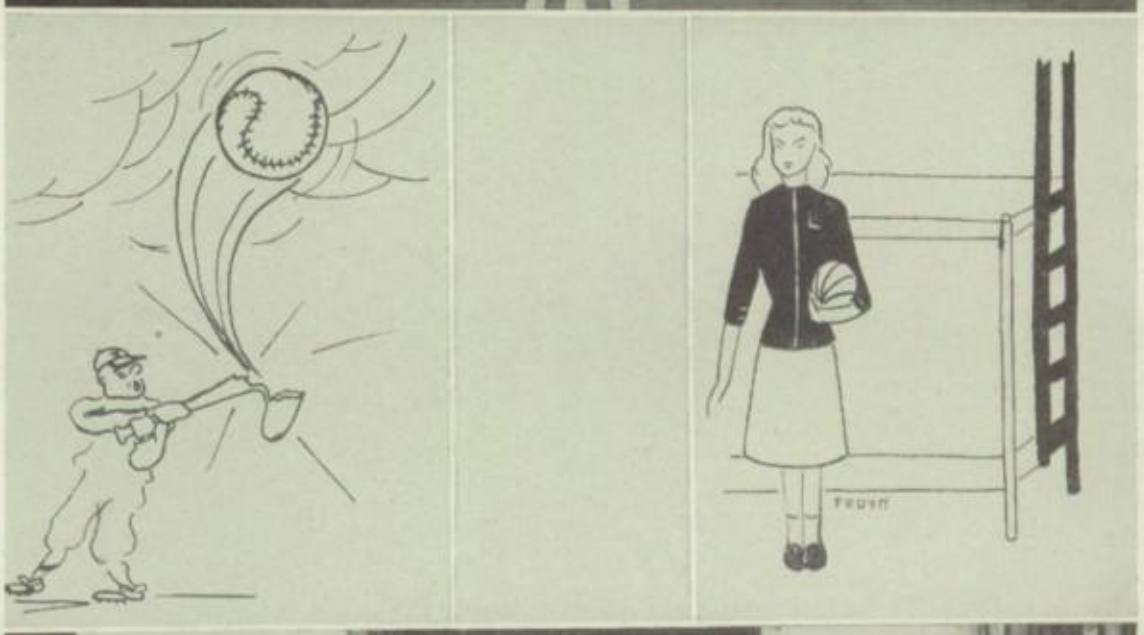
## FRENCH CLUB

The French Club, which consists partly of some children from France, has been very active this past term. Among the club's activities was an interesting visit to the United Nations. Under the guidance of Mr. Phelan, the organization has just been reinstated this term.

## BASEBALL TEAM

Although championships have been few and far between, Jamaica High's baseball team has always been situated high in the final standings. This year's team was guided by the fine coaching of Mr. George Copeland and captain Harry Middleton.



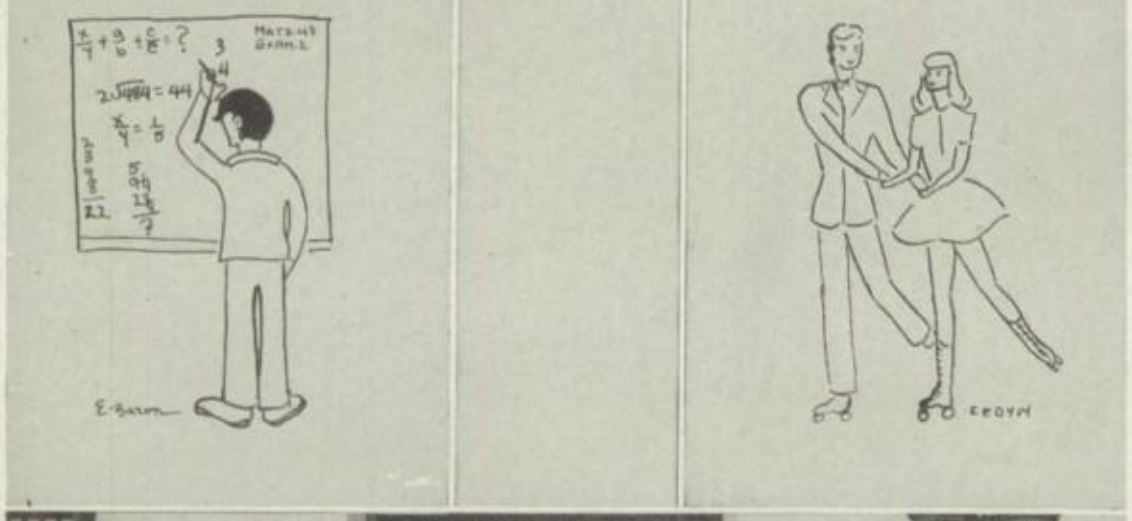


## LEADERS

The Leaders club, whose qualified members assist in the gym, is directed by Mrs. M. Seigal. It is their specific duty to do all clerical work, act as referees, and in general, perform those tasks which constitute and help to maintain our efficient gym department.

## MATH CLUB

A friendly group of students, whose main ideas are usually based upon mathematics, are shown above. Their faculty advisor, Miss Lipinski, is present at meetings where biographical reports of mathematicians are given, and theorems are performed in humorous methods.



"The Big Skate"
"Artie" 65?

## ROLLER SKATING CLUB

The newly-formed Roller Skating Club is definitely the latest thing at Jamaica High since the "New Look." Mr. Sullivan, a teacher in the English Department, sponsors this enthusiastic group. Each week the members travel to a nearby rink for their skating enjoyment.

## NEW ARISTA

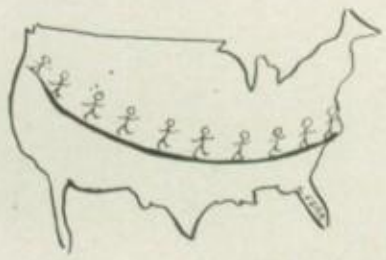
This term twenty-two new members were inducted into the Jamaica High School's top honor society, Arista. These students were admitted on a special point system, averaging in scholastic and service achievements. Mrs. Chickering is their capable leader and advisor. We would like to extend to this group our heartiest congratulations.

## RIFLE TEAM

The Rifle Team deserves more than enough publicity because it is a team to put a joyous spirit in all Jamaican's hearts. Nimrods may come and Nimrods may go, but Jamaica's will be remembered forever. Mr. Lovely is the team's coach.

## GIRLS LEAGUE

Under the guidance of Miss Glenz, Girls League members can be seen assisting in such places as the G.O. Store, the General Office, the deans' offices, and the library. They are recognized by their red sweaters and white skirts, which are worn each Monday.



## TRACK TEAM

Led by coach, Mr. Charles Shannon and co-captains John Moyer and Mal Booze, Jamaica's high-striding track team turned in a snappy season. As many new harriers have been training, we can predict a fine showing next year.

## FOLK DANCING CLUB

This term, membership in the Folk Dancing Club reached one hundred, a number which exceeded that of previous terms. It was left up to the girls to decide whether they preferred all foreign folk dancing, all American, or a combination of both. It was under the guidance of Mrs. Siegal that the girls learned a Portuguese, Polish, Irish, Mexican, and two American square dances all in ten sessions.

## BOYS VARSITY

The best athletes in the school! When a boy earns a major letter he automatically becomes a member of this club. They plan athletic events and are important workers in all Jamaica's athletic teams.

## SWIMMING CLUB

Under the able direction of Mrs. Raynor, the members of the swimming club participate in our semi-annual water ballet. In order to qualify, each girl must be an expert swimmer and diver.

## LITERARY CLUB

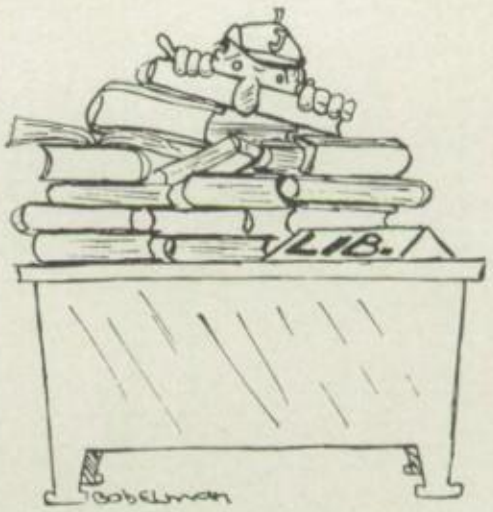
This enthusiastic group may be found every Wednesday after school with their sponsor, Miss Weld. The main purpose of the club is to discuss the current best-sellers or any particular book of interest.

## HILLTOPPER

Mr. Rose, the faculty advisor, and the above group have given Jamaica a fine, well-organized newspaper. School spirit is constantly aroused by this publication, and it is worthy of our praise.

## BAND

Miss Anna Hughes has been very successful in organizing a band of which Jamaica High School can well be proud. The band plays at many school functions, in addition to performances outside school.



## LIBRARY SQUAD

Student assistants, under the capable guidance of Miss Golden, help run Jamaica High School's library. These girls serve faithfully and do their work well.

## ART CLUB

The main object of the Art Club is to help artistically-inclined students outside their regular class work. Mr. Cross, the head of the Art Department, sponsors this club, which meets every Thursday after school.

## LATIN CLUB

Under the sponsorship of Miss McCormack, the Latin Club has studied the culture of Greek and Roman civilizations. Many interesting reports are given at each meeting by the members.

## ALGEBRA CLUB

Under the supervision of Mrs. Collins the Algebra tutorial club meets each week to give instruction to students in certain phases of Algebra.

# *Life*

*BETWEEN two worlds life hovers like a*
*star,*
*'Twixt night and morn, upon the horizon's*
*verge.*
*How little do we know that which we*
*are!*
*How less what we may be! The*
*eternal surge*
*Of time and tide rolls on, and bears afar*
*Our bubbles; as the old burst, new*
*emerge,*
*Lash'd from the foam of ages; while the*
*graves*
*Of empires heave but like some passing*
*waves.*
